

EcoEnergizer™

3428 Bankhead Hwy, Suite 1
Lithia Springs, GA 30122

January 25, 2007

Dear Distributors:

We all have had some legitimate concerns on erroneous charges to our banking institutions. Some have felt that the owners of EcoEnergizers were at fault. This letter is being written to announce that Green Zap is presently holding approximately one half million dollars of funds due to both EcoEnergizer and our distributors. Only \$33,000 has been received by EcoEnergizer from Green Zap up to this point. The owner of Green Zap has visited the corporate office twice to reconcile the accounts, however, to our knowledge Green Zap has not forwarded any further funds to either EcoEnergizer or the Distributors via their MyEcoPay accounts. EcoEnergizer is presently in pursuit of these funds under professional legal council's advice. We are truly sorry for any inconvenience this has caused any of our Distributors along with our company. The staff at EcoEnergizer does hear and read all of the personal concerns and issues. Our hearts are heavy for each of you, however, we will not give up or stop until everything has been rectified.

On many occasions Green Zap has been instructed via email and telephone to stop all further deductions from EcoEnergizer Distributors accounts. Green Zap assured us each time that all deductions would be stopped immediately and we have no evidence of any such compliance. By the time you read this letter, Green zap will be notified in writing via certified mail, demanding that they immediately stop any further deductions and pay in full all monies due both EcoEnergizer and our distributors. In the meantime, we need your assistance by reporting any past and future transactions involving unauthorized removal of monies from any unknown sources to your banking institution and to notify us at service@ecoenergizer.com. We request that you notify us and/or fax copies of all banking transactions to 678-868-2287. Please be sure that your name and ID number is included in your fax.

Presently EcoEnergizer is in the process of eliminating all autoships orders in our database.

EcoEnergizer is striving to get all monies and commissions to each of you upon receipt of our money from Green Zap. We at EcoEnergizer pledge to ensure that all needs are met no matter how funds are obtained.

We love and appreciate all our distributors and hope you will choose to weather this storm with us, and become an inspiration to the advancement and growth of EcoEnergizer.

Moving ahead ... for your \$UCCESS

B. Robert Moore, President
